NURFAIZ FOAT

LEAD UI/UX DESIGNER | PRODUCT DESIGN | DESIGN SYSTEMS

018 216 5800 | hi@nurfaizfoat.com | nurfaizfoat.com

LEADERSHIP PROFILE

Hands-on Lead UI/UX Designer with 12 years in Malaysia's technology industry, spanning telecommunications, SaaS, e-commerce, fintech, public-sector systems and early-stage ventures. Experience includes current connectivity product work with Perfect Internet, leading UI/UX for Maxis ookyo, founding product design at Supahands, building design teams, creating scalable interface systems, conducting rapid user validation, and working directly with engineers to move from concept to production. I also use AI-native design and build workflows to shorten the path from idea to interactive prototype and implementation while retaining strong human design judgment.

CORE CAPABILITIES

Design Leadership & Mentoring • Product & UX Strategy • Design Systems & Figma • User Research & Usability Testing • Interaction Design • Information Architecture • High-Fidelity Prototyping • Stakeholder Management • MCP Workflows • Facilitating Design Thinking Workshop

AI-NATIVE DESIGN & BUILD STACK

Figma • pen.dev • Paper • ChatGPT / Codex / Claude Code workflows • Design-to-code prototyping • HTML/CSS/JavaScript • Tailwind

PROFESSIONAL EXPERIENCE

Perfect Internet / Perfect Network Sdn. Bhd. | Product Design & UX | 2026 – Present

Designed UI/UX for Perfect Internet's consumer broadband and enterprise services, improving broadband plan discovery, comparison, and subscription journeys. | Designed website interfaces for official landing pages, self service portal as well as subscription order portal. Created reusable UI components across responsive interfaces and worked with stakeholders and developers to turn requirements into functional designs. | Designed ground activation and marketing materials, including flyers, buntings, banners, pop-up booths, signage, and T-shirts. | Planned and managed on the ground activation and GTM stratergy (pricing tiers, social media campaign).

Pocket Pixel Sdn. Bhd. | Product Designer & Front-End Developer (Freelance Contract) | Oct 2025 - Jan 2026

Delivered front-end work for the PRefChem website reskin using HTML, Tailwind CSS and JavaScript, while advising the in-house designer on interface improvements. | Designed and implemented front-end experiences for the Melaka State Assembly eDUN Operations Management System using PHP Blade templates, Tailwind CSS and JavaScript, while supporting journey discovery and Figma prototyping.

Aleph Labs | UI/UX Designer - Maybank MAE | Aug 2025 - Sep 2025

Contributed to concept exploration and high-fidelity prototyping for the Maybank MAE app. | Collaborated in daily design syncs with the Maybank Product Experience team and supported two designers in visualising concepts for stakeholder review.

doris - International Schools Marketplace | Lead Product Designer (Consultant) | May 2025 - Jul 2025

Improved the existing MVP through rapid user-feedback interviews and high-fidelity prototypes, contributing to a 100% increase in organic lead conversion. | Reworked conversion funnels and the HubSpot blog experience, and designed/coded landing pages using HTML, CSS and JavaScript.

MR.UMPAN | Founder / Product Owner | May 2020 - Apr 2025

Bootstrapped and operated a Malaysian B2C fishing-tackle e-commerce brand, spanning product development, retail operations, customer experience, marketing and fulfilment; reached break-even in the second year.

RELEVANT EARLIER EXPERIENCE

Maxis - ookyo (MVNO) | Lead UI/UX Designer | May 2017 - Apr 2018

Led design and UX for ookyo, a digital-only Malaysian telco proposition built for digital-native customers, covering profile, online payment and real-time bandwidth-tracking experiences. | Helped take the MVNO product from concept to customer launch in nine months; the product's distinctive design was featured by Malaysian technology and news publications.

Supahands | Lead Product Designer / Founding Product Designer | May 2015 - May 2017

Joined as the 5th employee and founding product designer, shaping the B2C product from zero to one and initiating the B2B workplace SaaS dashboard used by project managers, clients and SupaAgents. | Designed workflows for KPI metrics, scheduling and invoicing, and built the in-house Creative Team with an emphasis on autonomy and skill development. | Supahands was later acquired by Omnilytics in 2021 for USD 20 million.

Lelong.my | Creative UI/UX Designer | May 2014 - May 2015

Led UX research and UI design initiatives for Lelong.my mobile apps and LMall web experiences; the mobile apps ranked among the top three in their categories on Google Play and the App Store. | Improved mobile-app conversion by approximately 10% through product and interface improvements delivered with cross-functional teams.

ADDITIONAL PRODUCT & LEADERSHIP EXPERIENCE

Maideasy - Head of Product (2019-2020): streamlined product processes, re-established live metrics through API-connected Google Sheets, and adjusted demand/resource strategy. **Jewel DV / ASNB - Product Design Consultant (2019):** explored a robo-investing proof of concept that later informed ASNB RIA. **INVOKE Malaysia - Chief Project Officer (2018):** supported organisational restructuring, talent hiring, work planning and early commercial product concepts after GE14.

EDUCATION

B. Eng. Civil (Environmental), UiTM Shah Alam | 2011 - 2014

Diploma in Civil Engineering (Construction), UiTM Arau | 2008 – 2011
